Who We Are...

On June 14, 2006, the Lancaster Area Express Network (LAEN) became the first American Business Women's Association (ABWA) Express Network in Pennsylvania. Thirty-five dedicated Lancaster County professionals and their associates led the charge to make ABWA history. We are united by a common purpose—to support each other in professional growth and career advancement. Since our inception, we have benefited from numerous business-related educational and motivational speakers and successful networking events. Our latest venture is a year-long Professional Development series based on building the leadership and communication skills of those who attend. We plan to hold many member orientation programs where new and prospective chapter members will gain valuable information regarding the ABWA national organization and our strong local presence. Our website will be used to increase the support of our corporate partnerships and advertisers and we will continue to provide educational and business seminars. Another goal we have as a chapter is to host a regional ABWA conference in the near future. We can do this through your help. Please consider becoming a Corporate Partner today to help us realize our vision tomorrow.

ABWA's Mission...

The mission of the American Business Women's Association is to bring together businesswomen of diverse occupations and to provide opportunities for them to help themselves and others grow personally and professionally through leadership, education, networking support, and national recognition.
